The Sharonville Board of Health is excited to begin a new era of providing public health services to our residents and businesses. By contracting services with Hamilton County Public Health and maintaining a city-employed nurse, we will: (1) continue providing the personalized care the seniors and poorer members of our community have come to expect from us; (2) obtain the award-winning expertise of HCPH, and (3) do so in the most fiscally responsible way available. After an exhaustive review of my administration’s proposal, listening to the concerns of the public and examining other options for providing these services, the Board of Health decided to begin this promising partnership.

In the coming weeks, our public health nurse will be newly-titled a resident assistance and intervention nurse (RAIN). Reporting to our fire chief (and eventually operating out of our main fire station), our RAIN will serve the residents of our community by providing home health care visits, attending senior citizen’s meetings, conducting health screenings for local schools, and coordinating the activities of the Sharonville Christmas Fund and food pantry. Immunization clinics, flu clinics and disease investigation duties will be part of our contract with HCPH. However, our contract provides these clinics will take place in the City of Sharonville per the request of our residents.

Second, the employees of HCPH have proven to me that they operate an organization that excels in the provision of health services. Through repeated discussions with cities that contract with and villages and townships that are served by Hamilton County Public Health, we have heard nothing but praise for their customer service and knowledge. Most recently, a jury of leading environmental health officials and public health sanitarians awarded HCPH with the Samuel J. Crumbine Consumer Protection Safety Award. This is a testament to the department’s ability to educate and enforce within our business community for the safety of those who eat and visit Sharonville. It would be remiss not to note that the vast majority of these services will be provided to our business community at a reduced cost from our city’s current fee schedule.

Third, this partnership will result in a significant reduction in the costs that our general fund undertakes to provide these same services alone. Our general fund subsidy of health services will reduce by almost $250,000 a year. The sole identified change in service, in six months of study, has been the potential inability for unscheduled, walk-in flu shots and child vaccinations. Providing a service that can be obtained by a half-a-dozen private entities within a mile of our City Hall cannot justify the expenditure of an additional quarter-of-a-million dollars a year. In a time when local governments are inundated with new mandates (like accreditation of local health departments) and continue to suffer losses in revenue by state actions, providing services with maximum efficiency is crucial to long-term stability.

I hope that you will join me in welcoming HCPH into the Sharonville family. Additional contact information is included in this addition of All About Sharonville. As always, you are welcome to contact me or any of the members of the city administration or your council to discuss this transition or other matters on your mind about our great city. Contact us by phone, email, facebook (www.facebook.com/SharonvilleMayor), or our interactive website (www.sharonville.org). By combining the personal strengths of our community and our RAIN to the already exceptional services of HCPH, Sharonville will continue to be a model of progress for our region and our state.
Sharonville Board of Health Partners with Hamilton County Public Health

The Sharonville Board of Health has contracted with Hamilton County Public Health to provide health services to our community. In doing so, Sharonville joins 44 other Hamilton County jurisdictions which are serviced by this agency, including Blue Ash, Evendale, Glendale, Montgomery and Loveland.

Hamilton County Public Health is known for its high level of service. As Rick Hodges, the Director of the Ohio Department of Health has stated, “we are very familiar with the resources, staffing and quality services Hamilton County Public Health brings to communities across the county. Hamilton County Public Health has gained national attention for its programmatic efforts and is routinely selected to share best practices across the state and country.” There are many examples, but two recent recognitions are note-worthy:

- In 2013, Hamilton County Public Health was recognized with the Crumbine Award, an international recognition, for having the best Food Protection Program in the United States and Canada and
- In 2014, the Hamilton County Public Health Commissioner, Tim Ingram, was a recipient of a “Champions of Public Health” award by the Ohio State University for his Community Leadership.

What services will be offered? Hamilton County Public Health will be providing a Vaccination for Children (VFC) program and Flu Clinics (contact number: 513-946-7600). They will also be providing services, such as restaurant and pool inspections, to our business community (contact number 513-946-7847). The Sharonville Chamber of Commerce knows of, and supports, this partnership.

In addition to the above, the Sharonville Board of Health has decided to continue offering other nursing-related services to our community; therefore, home health checks, community health screenings, school-related health screenings and other services will still be offered to residents through a Board of Health nurse (contact City Hall at 513-563-1722).

Welcome Letter: Please see Tim Ingram’s “Welcome Letter” on the next page. In addition to the website he references, Hamilton County Public Health can also be followed on Facebook at www.facebook.com/HamCoHealth
Energy Aggregation Programs Update

The current Sharonville Natural Gas and Electric Aggregation programs will expire in June 2015. The City, through its consultant The Utilities Group, will begin soliciting bids for the next programs in the coming month. If you are currently participating in the programs, or if you currently receive natural gas and electric from Duke Energy under its tariff, you will receive information on the new programs in April. At that time, you will be given the opportunity to “Opt out” and thereby return to/stay with the utility. If you do nothing, you will be included in the programs. However, if you are already purchasing energy through another third party supplier, you will not be included. If you wish to be included, you should inform your existing supplier of such and ask to be returned to the utility for service immediately. It is very important that residents currently purchasing energy from a third party supplier read their existing contracts very carefully, as there may be penalties for terminating the contract prematurely, and some third party suppliers have automatic “roll over” provisions which renew your contract without consent or action from you. Please be sure to read your current agreement and make an informed choice as to whether to stay with your third party provider or join the aggregation.
TRUCK LOAN PROGRAM

If you need to dispose of a lot of rubbish or debris, a truck can be left in your driveway overnight. This service is offered from April through October. The truck will be brought to your home or business by 3:00 p.m. in the afternoon and is picked up the next morning by 7:30 a.m. A release of liability must be signed by the property owner. The Truck Loan Program will cost the homeowner $50 a night and $60 for the weekend. The cost for businesses will be $90 for nights and weekends. Payment will be required before the truck can be delivered to the residence. Call 563-1177 to schedule a truck.

TRASH PICKUP

Trash is picked up at the curb between the sidewalk and the street or on the road edge once a week at no cost to the resident. Garbage must be drained and placed in metal or plastic watertight containers. The containers are not to exceed 45 gallons capacity and must weigh no more than 70 lbs. loaded. No loose garbage is to be set out. No garbage is to be put into cardboard boxes. Cardboard boxes must be broken down, flattened and tied or taped together. There is a limit of 10 containers or items for trash removal. One (1) large item may be included in the limit of 10 items. If you are placing a large item out for pickup, please call Rumpke at 513-851-0122 the day before your scheduled pickup day.

All containers must be placed at the curb or on the road edge no later than 7 a.m. on the morning of your scheduled pickup day. Nothing may be placed at the curb or on the road edge sooner than two (2) hours before dark on the evening before your regularly scheduled collection day. If your scheduled collection day falls on a holiday, your trash will still be collected on that day, except Christmas Day and New Year’s Day. The collection for those two holidays will be scheduled on the day following the holiday. Empty trash containers must be removed from the right of way as soon as possible.

All mattresses and box springs must be encased in plastic and sealed with masking or duct tape before being placed at the curb or on the road edge for pickup. Carpets and padding must be cut up into 4 foot sections, rolled and tied or taped. The rolled sections cannot be more than 2 feet round in diameter. Please remember the limit of 10 containers or items for trash removal when placing carpet out for pickup.

INSTALLING A NEW DRIVEWAY

You must obtain a permit to install a new driveway from the Sharonville Building Department. The fee to install a new driveway is $25 and it must be inspected and meet City specifications. There is no fee or permit required if you are only installing a drive apron; however, you must give the City a 24-hour notice before pouring concrete. Please call the Public Works Department at 563-1177 before starting a driveway or apron project for specifications and requirements.

GOLDEN VIEW ACRES

Golden View Acres is a Senior Citizen Retirement Village. This 52 unit apartment complex is located on Greensfelder Lane off Thornview Drive. In order to be eligible for tenancy, a person must be at least 57 years of age and a Sharonville resident for at least one year; or be a parent, grandparent, brother or sister of a Sharonville resident who has resided in the City for one year.

Golden View Acres has both first and second floor units and one and two bedroom apartments. Each apartment has an equipped kitchen with stove and refrigerator, gas heat, hot water, and air conditioning. Tenants pay their own utilities except water. There are coin operated laundry facilities in each of the three buildings. This apartment complex is a “Smoke Free” facility. When renting an apartment an initial security deposit equaling one month's rent is required. After signing the lease, THE RENT WILL NOT BE RAISED unless an additional tenant occupies the same apartment or the current tenant moves to another apartment in the complex. At that time, a new rental agreement is then drawn up at the current rate.

To be placed on a WAITING LIST to rent an apartment, written application must be made and a $50 fee deposited. This fee is refundable when you rent an apartment or request, in writing, to be taken from the Waiting List.

For additional information, contact the Public Works Department at 513-563-1177 week days between 8:30 A.M. – 5:00 P.M.
SHARONVILLE’S RECYCLING PROGRAM

If, for some reason, you have not received your 95 gallon recycling container or you want to upgrade to a larger container, please call RUMPKE Recycling Department at 513-851-0122 ext. 5176 to arrange for a delivery of your container. **Note:** Latex paint is not hazardous and can be safely disposed of in your regular trash once it is solid. Simply leave the lid off and mix in sand, sawdust, or kitty litter to speed up the process. Once it is solid, place the can next to your trash with the lid off so the waste hauler can see that the latex paint is dry.
From the desk of Officer Cheryl Price

Over the past couple of years, the Sharonville Police Department has had a number of police officers retire. Although we greatly miss those who have served and moved on to the next chapter in their lives, we are also grateful to have hired several very well qualified individuals to fill those vacancies. Once again, I have the privilege of introducing another new hire, Officer Ralph Hodges.

Officer Hodges served as a Sergeant in the United States Marine Corps. He received numerous awards and medals for conduct, proficiency, and outstanding performance including combat service awards. He worked closely with the Iraq National Army and has extensive experience working in culturally diverse settings.

Officer Hodges studied Criminal Justice and Public Administration at the University of Cincinnati, earning an Associate of Applied Science degree. Officer Hodges played baseball for UC Clermont and he was the president of the University’s Basic Police Academy Class #31.

In addition to some new faces around, there have also been some changes to the department’s command staff as well. Lt. Steve Vanover is now serving as the Patrol Commander. Lt. Vanover has been with the Sharonville Police Department for 16 years. In his time with the department, he has served in a number of different capacities: the bike patrol, DARE/Community Service Officer, Road Patrol Supervisor and Detective Sergeant. As the Patrol Commander, Lt. Vanover oversees the largest division and most visible component within the department. Uniformed patrol is responsible for preventative patrol, calls for service, initiation of offense reports, investigation of traffic crashes and preliminary criminal investigations.

With it still being frigid outside, I would like to remind everyone that although it is nice to get into a warm car, it can be risky if you leave your unattended vehicle running. A vehicle left running unattended in the lot of a gas station is a prime target for theft. If you choose to keep your car running while unattended, minimize your risk by keeping an extra key with you and locking the doors or use the remote starter. This safety tip should be followed regardless of your location; your vehicle can be stolen from your driveway just as easily as it can be from a gas station.
SFD’s 7 Steps To Fire Prevention

1 HAVE A PLAN
   Every family should have an evacuation plan and a designated meeting place to go after leaving the house.

2 PUT SMOKE DETECTORS OUTSIDE BEDROOMS
   Smoke detectors should be placed in the hallway outside of the bedrooms because they will be triggered sooner, allowing for more evacuation time. If the bedrooms are located in different areas of the house multiple smoke detectors may be needed. It is also vital that smoke alarms are checked regularly to verify they are operational.

3 SHUT BEDROOM DOORS AT NIGHT
   Every bedroom door should be closed a night. In case of a fire that simple step slows the speed at which the smoke, fire and poisonous gasses enter the rooms.

4 USE CANDLES INFREQUENTLY
   Open flames start the most house fires. Candles burn at 1,000 degrees and if one ignites a blanket or pillow within minutes flames can spread to an entire room. Never leave a candle unattended. SFD recommends using electronic candles instead.

5 PLACE FIRE EXTINGUISHERS IN AREAS WITH OPEN FLAMES
   In most houses, fire extinguishers should be placed in the kitchen and the boiler room, or any area with an open flame. If one of the residents of the house smokes, an extinguisher should be placed in the room where that person smokes the most. It is important the adults in the house know how to properly use the extinguisher prior to a fire.

6 THROW AWAY CHRISTMAS TREES AFTER CHRISTMAS
   Christmas trees become extremely dangerous when they dry out and should be disposed of as soon as that happens. A tree can set an entire room on fire in three to four minutes.

7 EXTENSION CORDS ARE TEMPORARY
   Extension cords are intended for temporary use only, if a permanent solution is needed, hire an electrician to rewire and add an outlet in the place it is needed. Additionally, do not connect multiple extension cords or power strips together.

Pickleball
Community Center Multi-Purpose Room

What is Pickleball? A fun racquet sport that incorporates elements of badminton, tennis & ping-pong. It's an easy-to-learn game that is played on a court, like a tennis court, but half the size, with a wooden paddle and the ball is similar to a whiffle ball. Experience is not required, only the willingness to laugh and have fun.

Chair Volleyball
Community Center Multipurpose Room / Gym
Entertaining and fun, it is also an unexpected way to work up a sweat! Played on a 10-foot by 20-foot court that is divided by a Wilson junior size volleyball net, players sit in 6 chairs on each side of the court while keeping an inflatable beach ball in play. The hardest part of the game is keeping your seat in the seat. Laughter abounds as volleyball games are played to 15 points or more. Come in and join us for fitness and fun.
Registration is not required, but we do ask that you sign in each Friday that you join us for practice. Please consult with your physician prior to participating in this activity.

### Make a Mess with Me
**Community Center Craft Room**
This popular class is being switched up! Instead of our usual messes of digging in the sand, finger painting, playing with shaving cream or making collages with lots of glue, we will be making a mess in the kitchen and in the garden. We will be cooking in the first session and gardening in the second. Your child will enjoy these messy activities that you don’t have to clean up.

### Imagination Yoga
**Community Center Craft Room / Aerobics Room**
Imagination Yoga uses an original story to guide children through a kid’s yoga class flying like birds, mooing like cows, or shooting through space in a rocket ship. Each adventure stimulates creativity and incorporates developmentally appropriate kid’s yoga poses, calming and concentration techniques and kindness exercises. Our program helps kids get physical activity while having fun and integrating the wonderful mind, body and heart benefits of yoga. Sessions consist of curriculums. We will begin with the Concentration curriculum, the benefits of which may extend beyond the yoga mat. The second session will NOT be a repeat of the first session.

Elementary Drawing
Community Center Craft Room

Our elementary learners are at the crucial time of development when they decide whether they’re good at something or not. This decision will affect not only the rest of their academic career, but their lifetime learning as well. The Young Rembrandts elementary program provides the tools this age-group needs to succeed at drawing - a teaching tool from which the majority of learners prefer and ALL learners benefit! Our program works because it’s not only hands-on and visual...it’s simply fun. Add to this our innovative guided instruction, topics that kids love and relate to, and instructors that know how to reach this group: we take kids from thinking they’re not artists’ to knowing they can achieve this, and everything else, they put their minds to.
No lesson repeated. All supplies included.

Bricks 4 Kidz:
School’s Out Mini Camp
Community Center Craft Room

Do you have a LEGO® fanatic in your home? Join Bricks 4 Kidz as they host a series of 2 hour building workshops on days when the kids are off of school. Bricks 4 Kidz is an enrichment program that teaches children concepts in science, mechanics, and engineering using LEGO® bricks. In each workshop, the kids will be introduced to new concepts and then build models using bricks, gears, axles, motors and more to illustrate the concept. Each workshop includes a custom mini-figure that the kids can create, use during the camp, and then take home! All four of the workshops will be unique, with all new models and lessons each time. Your kids have never had so much fun learning. **Please note, our supplies are reused from class to class. Students will not take home completed models as that would make our program costs unaffordable for most.
