Message from the Mayor

Only a few short months before first taking elected office, I married my wife, Amy. The two of us are not the same people we were 16 years ago. We are certainly not the same small two-person family. The Hardmans now encompass four amazing children – who in their own right grow into different people on what seems a daily basis. That kind of growth is what I have seen in our great City and expect to continue in the coming years. The growth in our economy and our willingness to explore new solutions to recurring issues has resulted in recent successes that prove the state of the City of Sharonville is strong.

Growth – Ford Motor Company announced the investment of 900-million dollars into their Sharonville plant in the coming year. Cincinnati Sub-Zero broke ground in February on an 80,000 square foot expansion of their Mosteller Road facilities. Gorilla Glue continues moving their operations into their new Gateway-75 headquarters. Rolling Hills Hospitality Group brings Hyatt Place to the Sharonville Convention Center. The City is proud to partner with not only these business entities but all of our large, medium and small businesses. Thanks to the dedication of city employees like Economic Development Director Chris Xeil Lyons and Community Development Director Richard Osgood, businesses know that Sharonville is a place that welcomes them and encourages their growth.

New Solutions – there are few phrases I find more annoying than, “We've always done it that way.” As the City looks at our current challenges and those that are coming in the future, our city staff and elected officials are encouraged to look at new ways to solve old and/or recurring issues. We have embarked on an examination of the growing needs for space in our police department. As the debt on our new fire headquarters is paid off, we look forward to resolving inadequacies in our Cornell Road station. Our new model for providing public health services through partnership with Hamilton County Public Health and our own Resident Assistance Nurse has shown promising results in its first year. We expect completion this year of our city's comprehensive plan focusing our efforts on a shared vision for the city's future.

Sharonville was, is and will forever be the “City of Progress.” We will continue to encourage growth and creative answers to difficulties. I wish for our city the same healthy future that I do for my own family. I ask you to join me in that desire for continued advancement of and innovative fixes for your personal and business lives and that of our great community of Sharonville.

Kevin M. Hardman

Installing a New Driveway

You must obtain a permit to install a new driveway from the Community Development Department. The fee to install a new driveway is $25 and it must be inspected and meet City specifications. There is no fee or permit required if you are only installing a drive apron; however, you must give the City a 24-hour notice before pouring concrete. Please call Public Works before starting a driveway or apron project for specifications and requirements.

Golden View Acres

Golden View Acres is a Senior Citizen Retirement Village. This 52 unit apartment complex is located on Greensfelder Lane off Thornview Drive.

In order to be eligible for tenancy, a person must be at least 57 years of age and a Sharonville resident for at least one year; or be a parent, grandparent, brother or sister of a Sharonville resident who has resided in the City for one year.

Golden View Acres has both first and second floor units and one and two bedroom apartments. Each apartment has an equipped kitchen with stove and refrigerator, gas heat, hot water, and air conditioning. Tenants pay their own utilities except water. There are coin operated laundry facilities in each of the three buildings.

When renting an apartment an initial security deposit equaling one month’s rent is required. After signing the lease, THE RENT WILL NOT BE RAISED unless an additional tenant occupies the same apartment or the current tenant moves to another apartment in the complex. At that time, a new rental agreement is required to be signed at the current rate.

To be placed on a WAITING LIST to rent an apartment, written application must be made and a $50 fee deposited. This fee is refundable when you rent an apartment or request, in writing, to be removed from the Waiting List.

Sharonville’s Recycling Program

The City is committed to making recycling a priority in Sharonville by offering curbside recycling at NO COST to ALL home and condo owners. It is the residents, however, that make the real difference - You are the key to this program’s success. If, for some reason, you are not participating in the recycling program, please reconsider.

If you have a smaller recycling container and want to upgrade to a 95 gallon container, please call RUMPKE Recycling Department at 513-851-0122 ext. 5176 to arrange for a delivery of your container.

Hometown Guide • SPRING 2016 • 5
Severe Weather Safety
The Arrival of spring will undoubtedly bring both April Showers and May flowers. After a long winter this is what everyone looks forward to. These showers can sometimes produce or turn into dangerous storms that everyone needs to be aware of. Here are some tips to keep your family safe.

Severe Thunderstorms, Lightning and Flooding
Did you know that lightning and flooding kill more people every year than tornadoes or hurricanes? A thunderstorm is considered severe if it produces hail at least 1 inch in diameter or has wind gusts of at least 58 miles per hour. Heavy rainfall from thunderstorms can quickly cause flash flooding where rivers and streams overrun their banks and cause streets to flood. High winds can damage homes and blow down trees and utility poles, causing widespread power outages. Every year people are killed or seriously injured because they didn’t hear or ignored severe thunderstorms warnings. The information in this section, combined with timely watches and warnings about severe weather, could save your life:

- Listen to local news or NOAA Weather Radio for emergency updates. Watch for signs of a storm, like darkening skies, lightning flashes or increasing wind.
- If you can hear thunder, you are close enough to be in danger from lightning. If thunder roars, go indoors! Don’t wait for rain. Lightning can strike out of a clear blue sky.
- Avoid electrical equipment and corded telephones. Cordless phones, cell phones and other wireless handheld devices are safe to use.
- Keep away from windows.
- If you are driving, try to safely exit the roadway and park. Stay in the vehicle and turn on the emergency flashers until the heavy rain ends.
- If you are outside and cannot reach a safe building, avoid high ground; water; trees; and metal objects such as fences or bleachers. Picnic shelters, dugouts and sheds are NOT safe.
- If you encounter a flooded roadway, do not attempt to drive through it or walk through it. Turn around, don’t drown.

Tornadoes
A tornado is a violently rotating column of air extending from the base of a thunderstorm down to the ground. Tornadoes are capable of completely destroying well-made structures, uprooting trees and hurling objects through the air like deadly missiles. Tornadoes can occur at any time of day or night and at any time of the year. During times of severe weather you should be prepared to take shelter in a basement, or inner most room of your home with no windows. Mobile properties are not safe! Many times people ask “what is the difference between a Tornado Watch and a Tornado Warning issued by the National Weather Service?”:

- **Severe Thunderstorm Watch**: Be Prepared! Severe thunderstorms are possible in and near the watch area. Stay informed and be ready to act if a severe thunderstorm warning is issued. Watches are issued by the Storm Prediction Center for counties where severe thunderstorms may occur. The watch area is typically large, covering numerous counties or states.
- **Severe Thunderstorm Warning**: Take Action! Severe weather has been reported by spotters or indicated by radar. Warnings indicate imminent danger to life and property. Take shelter in a substantial building. Get out of mobile homes that can blow over in high winds. Warnings are issued by your local forecast office. Warnings typically encompass a much smaller area (around the size of a city or county) that may be impacted by an on-going severe thunderstorm.
- **Tornado Watch**: Be Prepared! Tornadoes are possible in and near the watch area. Review and discuss your emergency plans, check supplies and your safe room. Be ready to act quickly if a warning is issued or you suspect a tornado is approaching. Acting early helps to save lives! Watches are issued by the Storm Prediction Center for counties where tornadoes may occur. The watch area is typically large, covering numerous counties or even states.
- **Tornado Warning**: Take Action! A tornado has been sighted or indicated by weather radar. There is imminent danger to life and property. Move to an interior room on the lowest floor of a sturdy building. Avoid windows. If in a mobile home, a vehicle, or outdoors, move to the closest substantial shelter and protect yourself from flying debris. Warnings are issued by your local forecast office. Warnings typically encompass a much smaller area (size of a city or small county) that may be impacted by a tornado identified by a forecaster on Radar or by a trained spotter/law enforcement who is watching the storm.

Fire Pits
The Fire Department desires all citizens not to be denied the enjoyment of recreational fires. Although these fires are typically small in size, they can still represent a significant fire hazard. In an effort to minimize damage and/or injury from fires, the Fire Prevention Code provides these guidelines:

- When the fire is contained within an approved container (i.e. commercial fire pits, screened devices, etc.), the fire shall be located more than 15’ from any structure. The immediate area within 15’ should also be clean of combustible materials, such as overgrown brush, weeds, and shrubs.
- When the fire is not contained within an approved container, the fire should be located more than 25’ from any structure and the immediate area within 25’ clean of combustible materials.
- The burning of garbage, leaves, landscape waste, construction waste and other combustible materials are prohibited. Only seasoned, dried firewood is permitted.
- The fire must be started with combustible materials; no flammable/combustible liquids can be used to ignite the fire.
- The recreational fire must not exceed 3’ diameter and 2’ in height.
- The Fire Department may prohibit any burning when atmospheric or local conditions make such fires a hazard or nuisance.
- A means for immediate utilization for extinguishment must be readily available.
- Fires must always be attended by an adult until completely extinguished.
Roadway Safety
We understand that being stopped by law enforcement can be a stressful situation for the driver and passengers. Traffic stops are inherently dangerous for police officers, so no stop is considered “routine.” We offer the following tips to make traffic stops smoother and safer for all involved. When you are aware that an officer has activated his/her emergency lights:

Pull Over Immediately
- Pull off to the right side of the roadway and position your vehicle as far out of the lane of traffic as possible.
- Turn off your engine and any other device (radio, cell phone, etc.) and roll down your window so you can communicate with the officer.
- When the stop takes place in the dark, turn on your flashers and the vehicle’s interior lights so that the officer can see that everything is in order.

Remain Calm
- Remain calm and ask all passengers to remain calm as well.
- Keep your seatbelt fastened and ask your passengers to keep their seatbelts fastened as well.
- Stay in your seat and do not get out of the vehicle unless the officer asks you to.

Maintain Hands in Plain View
- Keep your hands in plain view, preferably on the steering wheel, and ask your passengers to keep their hands in plain view or in their laps.
- Do not make any movements that might be interpreted by the officer that you are hiding or searching for something.

Weapon Possession
- Let the officer know if you, or a passenger, are carrying a weapon in your car and if you have a legal permit to carry it.
- If you are a CCW permit holder and are carrying a weapon, you have a duty to inform the police officer immediately.

Documentation Required
- The officer will ask for your driver’s license, proof of vehicle registration, and proof of insurance.
- Tell the officer where they are and reach for the documents slowly, keeping one hand on the steering wheel.

Communicate Clearly
- Answer the officer’s questions fully and clearly.
- If you disagree with the officer, do not discuss your point of view at that time – you can choose to contest a citation later without raising issues about unfairness during a traffic stop.
- The citation will show the date and location of your court date.

Charge Or Citation
- If the citation is not clear, ask the officer for an explanation in a respectful manner.
- You will be asked for a signature if the officer issues a citation. Your signature is not an admission of guilt. It only means that you received a copy of the citation.

Completion Of The Traffic Stop
- After you have been released from the stop, signal your intention to re-enter into the roadway and do so only when it is safe.
- If you have questions or concerns about the traffic stop, contact the officer’s agency within a few days of the incident.

Your safety on the roadways is important to us and we want you to arrive safely!

New Officer
We would like to introduce the newest member of our department, Officer Chris Nguyen. Officer Nguyen grew up in Springdale, Ohio and is a Princeton High School graduate. He attended the University of Cincinnati graduating with a Bachelor of Science degree in Criminal Justice. He was also a member of the Criminal Justice Society. Officer Nguyen completed the Ohio State Highway Patrol Academy this past December. We welcome him to our team!
2015 Highlights
The Sharonville Department of Community Development had a busy 2015. Here are some highlights from the 2015 Annual Report presented at City Council on January 12, 2016.

- Department name change from Planning Department to the Department of Community Development.
- Assumed responsibility for Environmental Health compliance formerly performed by the Sharonville Health Department.
- In October, Richard Osgood, Community Development Department manager, presented the Twin Creek Preserve project (end of Best Place off Crescentville Road) at the North Carolina Association of Flood Plain Managers Fall Floodplain Institute.
- Stantec, which is a Sharonville engineering firm, conducted a study of the Twin Creek Preserve project and concluded that it had reduced the base flood elevation by almost one foot. This is significant in FEMA terms and anecdotal comments from businesses in Sharonville along the Mill Creek say flooding seems to be less frequent since completion of the project.
- Major construction projects completed in 2015 include: Princeton Middle/High School Complex; Equity Group Office Building (new building, 400 E-Business Way); Rush Trucking (new facility, 11775 Highway Drive); USUI Expansion (88 Partnership Way)
- Major construction projects to break ground in 2015 include: Jurgensen/Valley Ashpalt (new headquarters office building, 111641 Mosteller Road); Semco Outdoor (new facility, 11864 Chesterdale Road); ADSCO (new facility, 11400 Enterprise Park Drive).
- Major project still under construction include the Enclave apartment complex (3800 Hauck Road).
- Total cost of construction (residential and commercial): $30,607,335.
- Total number of permits (residential and commercial): 683
- Total adjusted department receipts (residential, commercial, engineering, and other): $364,099 (over 65% of Community Development Department operating budget).
- 2015 Planning Commission activity included: New residential subdivision at Allenhurst Boulevard (pictured below); New Planned Unit Development for Semco Outdoor at 11864 Chesterdale Road; new zoning code regulations for Sexually Oriented Businesses.
- Total number of Code Enforcement cases (residential and commercial): 371
- Total number of tall grass and weeds complaints: 117
- Total number of detention basin and storm water management system inspections: 142

Projections for 2016 are equally strong in the City of Sharonville and we will continue to monitor the condition of property and structures in order to maintain property values and quality of life. Update of the Comprehensive Plan is a high priority since it hasn’t had a full strategic analysis and modification in thirty years. Please feel free to contact Community Development with any questions, suggestions, or concerns.
The Sharonville Chamber of Commerce recently held its’ annual Champions of Commerce Dinner on January 28, 2016 at the Sharonville Convention Center. This dinner includes the Chamber’s annual awards for the following categories:

- Business Person of the Year
- Small Business of the Year
- Large Business of the Year
- Community Service Award
- Volunteer of the Year
- Rising Star Award
- Business Mentor Award

The City was well represented, having four nominees and two award winners!

Three City officials were nominated as the 2015 Community Service Award Champion: Sharonville Auditor Ed Cunningham representing the Princeton Education Foundation, Senior Patrol Officer Cheryl Price for Shop with a Cop, and Administrative Assistant to the Mayor Michael Blomer representing Festivals of Sharonville (SharonFest). Convention Center Director Jim Downton was also nominated as 2015 Business Person of the Year for his work at the Sharonville Convention Center. Both Cheryl & Jim ultimately won the award for their categories.

Jim has done excellent work with the Convention Center expansion and operation. The Center continues to be Cincinnati’s premier facility for sustainable, world-class meetings, conventions, banquets, trade shows, and public events. Jim & his staff offer contemporary meeting spaces and unparalleled customer service, as well an award-winning catering team and menus prepared by a renowned chef.

Cheryl continues to help economically disadvantaged students in Sharonville through the Shop with a Cop program. In 2015 alone, $7,122.42 was raised through local businesses and individuals resulting in 49 kids and 40 families having a brighter holiday season. “This is the highlight of our year,” Police Chief Aaron Blasky said. “It’s hard, but it’s also exciting,” he said of the opportunity to bring Christmas to the children. “We wouldn’t be able to do it without the help of Princeton and Officer Price. She’s our bridge.”

The City of Sharonville congratulates these individuals and all employees that work so hard to make our community great.
We are very pleased to congratulate Pure Romance as the First $5,000 On Us December winner! We’d also like to congratulate the January winner, Ohio Society of CPA’s.
