Message from the Mayor

This past November, hundreds of families converged on our community center for our first ever Super Hero Day. Children were greeted by Captain America, Batman and Wonder Woman in between taking trips to a bounce house, eating hot dogs and cotton candy and racing their friends through an inflatable obstacle course. Of course, the true heroes of our community - our police officers and fire fighters -- were there to hand out stickers, pencils and show off our latest piece of fire protection equipment. It is truly a pleasure to bring our great community together to share in a time of fellowship and conversation.

As we enter into 2017, the City continues its efforts to build upon our excellent living and working conditions. Our recreation staff continue to seek opportunities - like Super Hero Day - to bring our community together. Economic Development Director Chris Xeil Lyons daily pursues ways to attract new and retain old jobs in Sharonville. The dedication of our Public Works staff is evident in not just their daily jobs but in the rewards they receive, like Harry “Beav” Schmeusser’s championship win at the Southwest Ohio Snow Plow Road-eo. I hope that you look forward this year to the great ways that these men and women and all the great employees of Sharonville will do their jobs to improve your lives.

Please take some time to review what Sharonville can do for you, your families and your businesses, inside the pages of this winter edition of “All About Sharonville.” You are likely to find something here you didn’t know, a discount for a great local eatery or a program that would be just right for your interests. I wish all of you a very happy and prosperous New Year right here in our great City.

Kevin M. Hardman

Coyote Information

In the recent past, the City has received some questions related to coyotes. Per the State of Ohio’s Division of Wildlife and the Hamilton County Wildlife Officer, there is very little Sharonville, or any City, can do to eradicate the coyote population. Per these authorities, coyotes removed from an area through trapping or hunting quickly re-populate the area as there are always coyotes on the periphery waiting to move into a newly vacated territory. In areas where there have been reductions in the coyote population due to human efforts, coyotes typically increase their litter size until the population is again brought to a level the habitat can sustain. Per the State officials, eradicating coyotes would not necessarily be a good thing either as they are critical to the control of rodent populations. It was suggested that the City, and our residents, read the information at the following website as it is one of the best that exists regarding coyote research: http://urbancoyoteresearch.com/.

There are things that residents can do, as mentioned below, to discourage coyotes:

• Never feed or attempt to tame a coyote. These attempts only serve to make the coyote more habituated to the presence of humans and less fearful.
• Discourage coyotes by removing all foods sources that would attract the animal to your yard. Never leave pet food, water, food containers, or garbage outside, and clean up around backyard grills.
• Don’t put garbage out until the morning of your scheduled pickup.
• Keep bird feeders from overflowing – seed on the ground attracts small mammals that coyotes prey on.
• Fence in vegetable gardens. Pick up fruits or berries that fall from trees in your yard.
• Close off crawl spaces under porches, decks and sheds.
• Install outdoor lighting triggered by motion detectors. Loud noises also scare away coyotes.
• Clear bushes and dense weeds where coyotes may find cover or decide to create a den.
• Keep small dogs and cats inside or in a completely fenced in area, particular at night when coyotes are most active. Walk your dog on a leash and do not leave your dog unsupervised.
• Trim and clear away ground level shrubbery or brush that provides cover for coyotes.

If the coyote appears aggressive and continues to be a nuisance after removing “attractants” from your yard, call a nuisance trapper. Nuisance trappers use regulated techniques to reduce urban wildlife conflicts. For more information about trapping or to locate a trapper call the Ohio Department of Natural Resources’ General Wildlife Line: 1-800-WILDLIFE.

New This Coming Year

Earlier Due Date - Final Estimated Tax Payments for 2016 are due by December 15, 2016. This is earlier than in previous years due to changes in State law. Please remember that failure to pay estimated taxes by the due date may result in penalties.

New Forms - Residential income tax forms will look different, however for most individuals the process will remain unchanged. A worksheet has been added to help calculate your taxable W-2 income and credits.

Residents with Business Income - New worksheets have been provided on the tax form to calculate taxable income and credits. Please review the instructions as changes have been made due to New State laws.

Your Federal Form is a Required Attachment - All cities in the State of Ohio now require a copy of your federal 1040 form to be included with your local tax return (this has been a Sharonville requirement for many years).

Extension Due Date - All local tax returns with a Federal extension are due by October 15, 2017. A copy of the extension should accompany the filed tax return. If you do not apply for a federal extension you must request an extension with our office by April 18, 2017.

Estimate Invoices - In the past we have sent three quarterly invoices for estimate payments. Due to the 2nd quarter due date change from July 31st to June 15th and its proximity to the filing deadline we will no longer be sending out a reminder invoice for 2nd quarter. Invoices will be sent twice per year for the 3rd and 4th quarter payments which are due on September 15th and December 15th.

E-filing will again be available at www.municonnect.com/sharonville for residents with W-2 income only.

Winter Has Arrived
Typically January and February are the two worst months for snowfall and ice storms. The Public Works Department takes a lot of pride to make sure the streets in Sharonville are clean of as much snow as possible and safe for all our residents and workers. The City has been fortunate to secure an ample stockpile of rock salt for this winter season. The Public Works Department will continue to provide the excellent snow removal service our residents and workers expect. Please review the City’s snow policy to aid us in the snow removal process by visiting http://www.sharonville.org/202/Snow-Removal.

Snow Removal Process

**Plowing** - The City is responsible for plowing all dedicated streets. Public Works tries to keep major thoroughfares clear of snow for services such as police, ambulances, fire trucks and emergency equipment. If the major roadways are not passable, these services cannot reach any resident. Public Works coordinates the snow plowing with emergency service vehicles to ensure that they can safely reach your residence. Consequently, all major thoroughfares (primary streets) are plowed and treated first. When this is accomplished, residential streets (secondary streets) are addressed.

**Snow Emergency** - When streets become hazardous as a result of snow and ice, a SNOW EMERGENCY can be declared, as conditions warrant in accordance with City Ordinance 351.19. All vehicles on any street must be removed. Vehicles left unattended on a City street during a SNOW EMERGENCY will be removed by any reasonable means, including towing, and all such expenses will be charged to the owner or person in control of such vehicle. The media - news, radio and television stations, as well as social medias - will announce the information when a SNOW EMERGENCY has been declared and when it has been lifted.

Parking - When snow is predicted, please park your car off the street whenever possible. Streets can then be plowed and treated much more efficiently. When cars are parked on the street, it is impossible to plow more than one lane.

**Cul-de-sacs** - You are encouraged to be patient with the removal of snow from City streets. Large snow removal equipment often makes the full clearing of some of these areas impossible because of limited maneuvering ability. Alternate equipment may then be applied when storm conditions have subsided. Please remove any portable basketball goals from the roadside, as this makes it very difficult for snowplows to maneuver around.

**Why You Should Not Shovel Your Entire Driveway Before A Snow Plow Reaches Your Street**
Snow plows are on fixed angles. The ability to change direction is very limited. Snow plows push snow with the traffic flow, so in order to completely plow a street a number of passes must be made in both directions. The City is NOT RESPONSIBLE for snow that is plowed from the street and is re-deposited in private driveways. Plow operators have very few choices as to where the snow can go. They do not plow snow in your driveway intentionally. PLEASE DO NOT SHOVEL SNOW INTO THE STREET! Depositing of any snow from a private driveway onto a public street is strictly prohibited.

**Personal Safety**
- Older residents and those with health problems are reminded to avoid the extreme physical activity associated with shoveling snow.
- Stay at least two car lengths behind a snow plow for every 10 mph you are traveling. Never cut in between a caravan of plows clearing a road.
- Beware of “black ice” (roads that look wet but actually are glazed with ice). Ramps and bridges freeze first.

**Potholes** - As a result of winter snow, ice, and salt comes the inevitable appearance of potholes and other unsafe conditions. Please notify Public Works of any curb, street, sidewalk or storm drainage problems in the City. The Public Works Department will attempt to correct the safety problems in a timely manner. The number to call is 513-563-1177 or you can visit the City’s website at www.sharonville.org to report potholes.

**Brush and Construction Material Pickup** - The Public Works Department wants to remind all residents that the brush and construction material pickup service continues year round even through the winter months. The only exception is during a snow fall when the department is treating the roads. Residents with live Christmas trees for disposal can call the Public Works office to have your tree picked up. Please remember to call the Public Works office at 513-563-1177 by Friday NOON to schedule a pick up for the following work week.

**Recycling Saves Energy, Natural Resources, & Creates Jobs**
The City has demonstrated its commitment to making recycling a priority in Sharonville by offering FREE curbside recycling to all home and condo owners. If you have not received your 95 gallon recycling container or you want to upgrade to a larger container, please call RUMPKE Recycling Department at 513-851-0122 ext. 5176 to arrange for a delivery of your container. The residents of Sharonville are the key to the City’s recycling program’s success. Your dedication and cooperation will make the difference! For more information on acceptable items for recycling, please visit: hamiltoncountyrecycles.org or butlercountyrecycles.org
Mental Health First Aid

The Sharonville Police Department has formed a partnership with Mental Health America of Northern Kentucky and Southwest Ohio to bring Mental Health First Aid training to Hamilton County for free through a grant from the Ohio Department of Criminal Justice Services. The goal of this grant is to strengthen community-police relations while providing evidence-based public education and prevention for mental health and substance use problems. The class is similar to traditional First Aid and CPR training in that Mental Health First Aid is help provided to a person developing a mental health problem or experiencing a crisis until professional treatment is obtained or the crisis resolves. It is a full 8 hours of training, so although everyone’s time is valuable, saving a life is priceless.

For more information on Mental Health First Aid training, visit www.mhankyswoh.org/Home, www.mentalhealthfirstaid.org, or contact Officer Cheryl Price at 513-588-3937 or cprice@cityofsharonville.com. Compliments of the grant, there will be several free training opportunities through May 31, 2017. All participants will receive a free participant manual/resource guide and knowledge that can save a life.

Protect Yourself from Identity Theft

Identity theft continues to be one of the fastest growing crimes in the United States and a serious concern for most. In 2015, there were 15 billion dollars stolen from 13.1 million victims of identity theft in the U.S., according to Javelin Strategy and Research. Below are some tips to help protect you from this costly crime.

- Don’t share your secrets. Don’t provide your Social Security number or account information to anyone who contacts you online or over the phone. Remember, the IRS will never initiate contact via telephone or online! Protect your PINs and passwords and do not share them with anyone.
- Shred sensitive papers. Shred receipts, bank statements and unused credit card offers before throwing them away.
- Keep an eye out for missing mail. Fraudsters look for monthly bank or credit card statements or other mail containing your financial information. Consider enrolling in online banking to reduce the likelihood of paper statements being stolen. Also, don’t mail bills from your own mailbox with the flag up.
- Use online banking to protect yourself. Monitor your financial accounts regularly for fraudulent transactions. Sign up for text or email alerts from your bank for certain types of transactions, such as online purchases or transactions of more than $500.
- Monitor your credit report. Order a free copy of your credit report every four months from one of the three credit reporting agencies at www.annualcreditreport.com.
- Protect your computer. Make sure the virus protection software on your computer is active and up to date. When conducting business online, make sure your browser’s padlock or key icon is active. Also look for an “s” after the “http” to be sure the website is secure.
- Protect your mobile device. Use the passcode lock on your smartphone and other devices. This will make it more difficult for thieves to access your information if your device is lost or stolen. Before you donate, sell or trade your mobile device, be sure to wipe it using specialized software or using the manufacturer’s recommended technique. Some software allows you to wipe your device remotely if it is lost or stolen. Use caution when downloading apps, as they may contain malware and avoid opening links and attachments – especially for senders you don’t know.
- Report any suspected fraud to your bank immediately.

By following these tips, you can help protect your personal information from getting in the wrong hands.

Shop with a Cop

For the past 15 years, the Sharonville Police Department has joined together with local businesses and individuals to provide gifts for financially disadvantaged children during the holiday season. The “Shop with a Cop” program is funded solely through donations. In years past, these donations have been provided by contributions from SharonFest and others such as teachers at the Princeton City School District, the Sharonville Police Association, and local businesses. Interested in sponsoring next year? Contact us.

The event is held in December and accommodates between 20 and 30 participants. The children are transported to and from by members of the Police Department and enjoy breakfast, money to purchase gifts for their family and themself, a holiday party, present wrapping, stockings with goodies, and a winter coat and accessories. We are proud to continue this tradition of helping children in need during the holiday season.
Home fires occur more in winter than in any other season. As you stay cozy and warm this winter season, be fire smart!

Half of all home heating fires occur in the months of December, January, February.

Heating equipment is involved in 1 in 6 reported home fires and 1 in every 5 home fire deaths.

Heating Safety Tips:

- Keep anything that can burn at least 3 feet away from heating equipment. This same 3 feet is a good zone to keep children out of.
- Remember to turn heaters off when leaving a room or going to bed.
- Never use an oven to heat a home.
- Have a professional inspect and clean your furnace and chimneys annually.
- Make sure smoke and carbon monoxide detectors are installed in your home and tested monthly.
- Never use fueled heaters such as kerosene or propane indoors.
- Always plug heaters directly into outlets; never use extension cords or power strips.

A note from our nurse

Cold times often equal hard times:

Check on your neighbors; We’re sure they will appreciate it.
- If you need help, just ask. We have many resources here in Sharonville including an emergency food pantry and even some durable medical goods. I’d be more than happy to help if I can.
- Watch for falls. Winter is a terrible time for slips and falls both inside and outside. Eliminate things like throw rugs, extension cords and trip hazards to help avoid this problem.

New Fire Truck Enters Service

In October 2016 a new 125’ ladder truck entered front line service. This truck is replacing a 1997 truck that has served our city well, but had shown its need to be replaced. We anticipate this truck will be a first line truck for many years. If you have any questions about this truck, please feel free to contact us here at fire headquarters and we will do our best to answer any questions you may have.

Follow Us!?!?

Are you following us on Twitter and Facebook? That’s right, we have decided to wade into the social media pool as a way to try to help keep you up to date on fire department happenings. Find us on twitter at sfdfire and Facebook page Sharonville Fire or time line Sharonville-fire bencasteel.

6 Steps to Fire Prevention

1. Have a Plan - Every family should have an evacuation plan and a designated meeting place to go to after leaving the house.
2. Put Smoke Detectors Outside Bedrooms - Smoke detectors should be placed outside bedrooms to allow for faster activation should a fire occur, thus allowing more time to safely exit the house. Make sure to test you detectors monthly and change the batteries when you change your clocks.
3. Shut Bedroom Doors at Night - Every bedroom door should be closed at night. In case of a fire this slows smoke, fire and poisonous gases from the room.
4. Use Candles Infrequently - Open flames start the most house fires. Candles easily ignite blankets pillows and cutains, spreading flames within minutes. Never leave a candle unattended. Consider using electric candles instead.
5. Throw Away Christmas Trees After Christmas - Christmas trees become extremely dangerous when they dry out and should be disposed of as soon as that happens. A tree can set an entire room on fire in three to four minutes.
6. Extension Cords Are Temporary - Extension cords are intended for temporary use only. If a permanent solution is needed, hire an electrician to rewire and add an outlet in the place it is needed. Additionally, do not connect multiple extension cords or power strips together.

BRICKS 4 KIDZ & LUNCH
Community Center Meeting Room
Join us for a Bricks 4 Kidz Mini-Camp then stay for a pizza lunch. Do you have a LEGO® fanatic in your home? Join Bricks 4 Kidz as they host a series of 2 hour building workshops on days when the kids are off of school. Bricks 4 Kidz is an enrichment program that teaches children concepts in science, mechanics, and engineering using LEGO® bricks. In each workshop, the kids will be introduced to new concepts and then build models using bricks, gears, axles, motors and more to illustrate the concept. Each workshop includes a custom mini-figure that the kids will create, use during the camp, and then take home! All four of the workshops will be unique, with all new models and lessons each time. Your kids have never had so much fun learning.

**Please note, supplies are reused from class to class. Students will not take home completed models as that would make our program costs unaffordable for most.**

*LEGO® is a registered trademark of the LEGO® Group of Companies and is not affiliated with Bricks 4 Kidz.
