Development on the Loop

Momentum continues to build on the Loop as evidenced by new storefronts! That Dog Café opened early April. It features a variety of coffees, donuts and gourmet hot dogs in a welcoming, casual ambiance that invites you to sit and stay. Another new tenant that will arrive later this summer is Good Pie Y'all to the Sharonville Depot. They specialize in preorder for pick-up savory and sweet pies, as well as casseroles and breads. Once the move is complete, they hope to expand their offerings to those wanting to walk in and pick up a slice. Though Housley Institute is not a newcomer to the Loop, owner Shannon Housley chose to move from The Twelve Mile House and expand her business at a new location in March with greater visibility. Housley says Sharonville's location is fantastic; she appreciates Sharonville's business-centric approach and the personal attention from Sharonville administration.

These businesses recognize the extraordinary opportunities and development ahead on the Loop. The Downtown Loop Streetscape Master Plan was approved by Council last summer. Next steps include selecting a consultant to hold public engagement sessions with stakeholders and property and business owners to get their input into the final design of Depot Square and Creek Road improvements.

Updates from Parks & Recreation

GOWER PARK

We are pleased to report Gower Park playground is ahead of schedule! Initial planning had it scheduled to finish the first week of June. However it will open by the end of the first week of May. The new ADA We Go Round, We Saw and Cozy Dome have been installed along with a rubber pour and play ground covering. New swings are also a part of the updates. We hope you enjoy many days ahead of sunshine and laughter!

GORMAN PARK

Early demolition has begun at Gorman Park with the removal of the shelter, gazebo, bathroom, walkways, fencing, tennis courts, etc. This demolition is making way for phase 2 of the park construction following the recent addition of the playground last year. We are currently out to bid on the project and expect to begin construction this summer. This phase will include the installation of a brand new shelter and bathroom facility, parking lot, and beautiful splash pad.

Unwanted Visitors?

With temperatures rising, it brings the return of solicitors. Do you know door-to-door solicitors are required to register with the City of Sharonville before conducting any sales? If a vendor arrives on your doorstep, ask to see their official vendor's permit before conducting any transactions.

You can view a complete list of current vendors that have the permit on our website at <https://www.sharonville.org/436/Door-to-door-Vendors>

Additionally, there is a "No Soliciting" sign below for your use that you can display.
